

# Disclaimer

The Ministry of Education has developed this book to provide parents of gifted children with information that could be useful to them as they help to support and guide their children's learning. The Ministry has made every effort to ensure that the websites referred to in this book were current, relevant to the topic, and live at the time of publication. However, the Ministry cannot guarantee that the non-Ministry of Education websites referred to in this book will remain viable throughout the book's useful life. We suggest that readers refer to the Ministry of Education's Online Learning Centre, Te Kete Ipurangi (TKI) at [www.tki.org.nz](http://www.tki.org.nz) for up-to-date details on programmes and websites relevant to gifted and talented children. The independent websites referred to in this book were included because of their relevance to specific areas of the text and because they offer readers a broad range of information. However, they do not necessarily reflect the views of the Ministry of Education.
