

# TV3 AND TEAM SOLUTIONS AT THE UNIVERSITY OF AUCKLAND'S FACULTY OF EDUCATION HAVE BEEN WORKING TOGETHER TO CREATE A FREE TEACHING RESOURCE BASED AROUND EDUCATION FOR SUSTAINABILITY AND MEDIA STUDIES.

This DVD features news items covering issues such as global warming, climate change and emission trading, as well as commentary from TV3's award-winning news and currents affairs team. It comes with a complementary written resource produced by teachers, for teachers.

TV3 and Team Solutions will be running a competition which will give students the opportunity to have their work broadcast on TV3. More details of this competition will follow at a later date; however this DVD contains raw footage which may assist students with this project.

If you would like a copy of this FREE resource, please contact Kerry Stubbing before 4pm on Friday, February 29th on (09) 377 9730 ext 8952 or at [kstubbing@tv3.co.nz](mailto:kstubbing@tv3.co.nz)
